This model home is fully upgraded across every level — 4,191 square feet with thoughtful selections throughout.

Engineered vinyl plank runs through the first floor main areas. The kitchen features an island, quartz countertops, tile backsplash, stainless steel appliances, and recessed lighting. The family room includes a gas fireplace and recessed lighting. A morning room addition extends the main living space and opens to a composite deck. The flex room is converted to a study with a triple bay window and recessed lighting. The mudroom has a built-in bench. The expanded garage adds extra storage and parking.

A main-floor den has been converted to a bedroom wi...
